

Background Checks

Protect your Business and Your Bottom-Line

ECA (Express Carriers Association) has created an alliance with C-Net Technologies to offer discounted rates on employment screening products and services. C-Net makes it easy and affordable to get comprehensive background checks, allowing you to make smart business decisions and protect your investment.

As an ECA member, you benefit from C-Net's knowledge and experience in the transportation industry. C-Net's background screening services provide detailed information on your applicants so you can make informed hiring decisions. You also get the advantage of a streamlined process, cost savings, and unequalled privacy and security.

Background Checks Help You:

- Ensure the quality and retention of your new hires
- Manage and minimize risk
- Reduce loss due to theft, violence or sexual offenses
- Increase safety within your business and the public

What you need to know:

- Background checks can reveal whether someone has been convicted of a crime that directly affects your business. They also help determine if a candidate was honest on their job application.
- Ensure safe recruiting and hiring practices by creating a screening policy using a combination of background screening services.
- Customize searches based on the position being filled
- Establish criteria to evaluate background-screening results and determine what will be considered disqualifying information.
- Always follow the Fair Credit Reporting Act (FCRA) rules and regulations
